

New warning label!

Item: P-OPIOID \$5.75/BOX
1-9/16" X 3/8" 1M/ BOX

From 2017 Minnesota Session Laws, First Special Session, Chapter 6, Article 12...

(b) In addition to the requirements of subdivision 1, whenever a prescription drug containing an opiate is dispensed to a patient for outpatient use, the pharmacy or practitioner dispensing the drug must prominently display on the label or container a notice that states "Caution: Opioid. Risk of overdose and addiction."
